[Leer artículo en español](#)

The Assignments widgets provides the teachers with information related to how many assignments with Manual Marking activities he/she has pending to score.

Widgets allow for a quick visualization of pending manual markings within the platform. They help maintain effective control and response times.

- Click on the widget to review, and the list of pending assignments to grade will be displayed by level (preschool, elementary, or high school).

Classes with assignments

Secondary Class 1 Secondary
Highschool 4
27 Students • 22/09/13 to 23/07/28
