 Las notificaciones de Manual Marking están disponibles desde los widgets del Dashboard.

The screenshot shows three widgets in a row. The first is 'Class assignments for manual marking' with a score of 0. The second is 'Test assignments for manual marking' with a score of 0. The third is 'iRead assignments for manual marking' with a score of 1 and a red alert icon in the top right corner.

Cuando en lugar de una calificación aparece una **alerta**, significa que tienes **pendiente asignar una calificación manual** a esa actividad realizada por el alumno.

Esto sucede generalmente en actividades que requieren **revisión manual**, como tareas de voice recognition y preguntas abiertas.

¿Qué hacer en este caso?

1. Abre la clase que quieres revisar desde el Dashboard.
2. Dirígete a **<Assignments>**. Selecciona el Assignment a revisar.
3. Selecciona el modal **<Students>**.
4. Haz clic en el **nombre del alumno** que aparece en la lista con la alerta.
5. Visualizarás los **LOs** que requieren calificación.
6. Asigna la calificación y retroalimentación correspondiente para el estudiante.
7. Haz clic en **<Submit marks>**.

The screenshot displays the Teacher2 Demo QA dashboard. At the top, there is a navigation bar with the 'Studio' logo on the left and a user profile icon on the right. Below the navigation bar, the user's name 'Teacher2 Demo QA' is shown, along with a dropdown menu for 'Mezco' and 'Colegio GA DDT 1 COLEGIO...'. Three summary cards are visible: 'Class assignments' (0), 'Test assignments' (0), and 'Head assignments' (1).

The main content area is divided into four sections:

- My Classes:** A list of classes with search and level filters. The classes listed are:
