Why can't I see content that students have already redeemed?

08/14/2025 12:59 pm EDT

This is because the products are either locked or hidden in your teacher view. Here's how to identify and resolve it:

1. **The product may be locked.**
   Locked materials are marked with a padlock icon below the title.
   To allow students to access the content from the **<Class Materials>** section, you need to unlock it by clicking the padlock.

2. **The content may be hidden from your Class Material view.**
   If you can't see the material, it may be hidden.
   To view it, make sure to enable the <Show locked> option.

Once unlocked, the content will be available to both you and your students.
