The <Auto-Submit> is a feature that activates automatically when the time to complete an activity runs out and the student hasn't clicked "Submit." At that moment, the system automatically submits the answers the student managed to complete, ensuring that their work isn't lost and the teacher receives whatever was answered.

How is it displayed?

If the student completed only 1 out of 4 assigned activities, a dash (-) will appear in the <Score> section for the activities that were not completed, indicating they were not submitted. The overall average will reflect only the grade obtained in the activity that was completed.

Example:

The screenshot shows the 'Edit Assignment' interface for a student named 'Dummy Student' (CLASE PRUEBA). The interface includes a navigation menu with 'General', 'Content', and 'Students' tabs. Below the student name, there is a message: 'Open each activity, read the instructions and submit your answers.' The start date is '24/04/2025' and the due date is '25/04/2025'. A table displays the progress and scores for four activities. The first activity, 'Unit 1 and 2 REVIEW and PRACTICE, Grammar 1', is completed with a score of 88%. The other three activities are not completed.

At the bottom of the interface, there are two buttons: 'Back' and 'Submit marks'.

Upon expiration of the established delivery time, the auto-submit shipment is made at 10:00h CET (Central European Time).
