

# My classes

03/24/2026 4:06 pm EDT

[Leer artículo en español](#)

My classes refers to the list of classes where the student is enrolled.

Basic information is displayed for each class:

- Name of class
- Grade
- Number of students
- Start and end dates

To add a new class, the teacher needs to assign a class code, which you will enter in the **Class Code** section and then click **+Add**.

## My Classes

 + Add

	<b>Compass</b> <span>Primary</span> 6° Sexto Primaria No students • 24/09/12 to 24/12/30	Start date: Sep 12 End date: Dec 30
	<b>Fly High Primary</b> <span>Primary</span> 6° Sexto Primaria No students • 24/09/12 to 24/12/30	Start date: Sep 12 End date: Dec 30
	<b>Go Further Primary</b> <span>Primary</span> 6° Sexto Primaria No students • 24/09/12 to 24/12/30	Start date: Sep 12 End date: Dec 30

## To access the class:

1. Click on the banner of the class you want to enter.
2. The class will open, and all uploaded materials will be displayed.
3. It shows the percentage of progress in the workbook and the score obtained in each completed assignment.

The screenshot shows the Compass interface. At the top, there's a navigation bar with 'Richmond Studio' and 'Compass'. Below it is a 'Products' section with various icons for different resources like 'eLanguage Log', 'Listen & Record', 'EPAs', 'Additional...', 'eStudent's Book', 'Grammar...', 'Mock Tests', 'Unit Assessments', 'CLIL Journey', 'eWorkbook', 'eWB 28 AGO', and 'At School'. The main content area is titled 'Topic 1 How does science work?' and contains a section '2 Listen and complete the poem.' with a progress bar and a list of words: 'liquids shape size solids'. Below this is a science activity titled 'Solids, Liquids, Gases' with a cartoon character and a poem to be completed. The poem text is: 'Solids, Liquids, Gases don't change [ ] or size. Hold them in your hands, use your eyes. [ ] change shape, but don't change [ ]. Fill your [ ] with your eyes. They're in the air. They're hard to see, but they're there.' At the bottom, there are buttons for 'Clear', 'Try again', and 'Submit'.

Note: Use the dropdown arrows to view the activities in full screen, complete them, and click Submit.

This screenshot is similar to the first one but includes red circles highlighting specific elements. A red circle is around the 'Full Screen' icon (a square with a diagonal line) in the top right corner of the interface. Another red circle is around the 'Submit' button at the bottom right of the activity area. A red arrow points from the 'Submit' button towards the 'Full Screen' icon.

This screenshot shows the full-screen view of the science activity. The text is larger and more prominent. The poem text is: 'Solids, Liquids, Gases don't change (shape) or size. Hold them in your hands, use your eyes. (liquids) change shape, but don't change (size). Fill your (eyes) with your eyes. Gases change (shape) and change size. They're in the air. They're hard to see, but they're there.' At the bottom, there are buttons for 'Clear', 'Try again', and 'Submit'.

This screenshot shows a 'Submitted' pop-up message overlaid on the activity. The message says: 'Submitted Submission has been successful. Well done! Your score has been sent to the markbook.' Below the message is a table showing the score: 'You answered 5 / 5, Correct 5, Score 100%'. At the bottom of the pop-up is a 'Close' button. The background activity is dimmed.
